DETAILED ACTION

Response to Amendment

The applicant's amendment, received 10-17-2008, overcomes the examiner's rejection. Hence claims 1-9, 13-15 and 17-20 are allowed while claims 10-12 and 16 are cancelled.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

1. The applicant has amended as per the recommendations of the examiner. He therefore believes the claims to be novel over the prior art of record.
2. Two new pieces of art are included, since they disclose WLAN and cellular communications along with call waiting, but the examiner interprets these approved claims to include other (novel) limitations not found in the prior art.

Neither Lu ('134) nor Chitrapu ('488) disclose "detecting a network and loading the module profile", "scanning/matching WLAN signals and matching WLAN parameters" or "an authorization procedure active on said WLAN and registers the mobile phone with a gateway on the WLAN network".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen M. D'Agosta whose telephone number is 571-272-7862. The examiner can normally be reached on M-F, 8am to 5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dwayne Bost can be reached on 571-272-7023. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
